

Declaration of Conformity

EURO-LEDER GmbH & Co. KG

within the meaning of the Medical Device Regulation / Regulation EU 2017/745

For materials used in the manufacture of a medical device, The Medical Device Regulation (MDR) under Regulation EU 2017/745 requires certification of the safety of the materials used in terms of

- Toxicology
- Carcinogenicity

We can confirm that our products (see enclosed list) are fully free of toxicologically questionable and carcinogenic ingredients according to MDR Regulation EU 2017/745.

All in this explanation and/or specified products, to which this explanation refers, are agreeing with the conformity appraisal procedure after The Medical Device Regulation (MDR) under Regulation EU 2017/745.

The declaration of no objection is valid from 01.01.2021 to 31.12.2021.

In the case of a change of the products, this explanation loses its validity.
